Optional light mounting bracket allows a light to be added for better visibility.

Warrior Table Soccer's "Rod Guards" take the danger out of the game by removing the possibility of serious injury to children and adults alike! ... "NO other table does!"

## Our Mission

To provide the safest, high quality foosball table to our customers, at a low price.

Warrior Table Soccer, through many years of research and development have developed the Ultimate Foosball Table.

Thanks again. GREAT job turning out a quality foosball table. I'd hide under mine in an earthquake, it's that solid!

- Tom Porter

While I am not so mechanical, I was able to put it together no problem with some help from my son.

- Bob O.

**This Warrior table can be assembled in just about 15 minutes!**

Unlike most other tables that take 2 to 4 hours and all kinds of tools to build. The Warrior table only requires this one little tool (included) and can be assembled quickly and easily in as little as 15 minutes.

Manual and assembly video are available online.
